Chapter 1 by Story Wars

Would you rather...

Have no wifi for a year or no electronics for 10 months!

Chapter 2 by Adisoccer1223

No wifi for a year... There would be no point for wifi if I didn't have any electronics.

Would you rather....

Be trapped in a cave of sleeping bats...

Or of a hungry bear?

Chapter 3 by R

sleeping bats duh. bats are adorable as frick and do not want to kill you. like, the trapped is a bit of a problem but advantage - bats are also v. good for you to eat (tasty too) if you can cook em

would you rather ...

know the names of all the people who have had a crush on you (and when they got it + other pertinent doets)

Chapter 4 by Nini Reyes

Know all the names you had a crush on. I want my true love to be a surprise.

Would you rather...

Be immortal for the rest of your life, but one of your family members dies every time you resurrect?

or...

Be a superhero, but kill everyone you save?

Chapter 5 by -

You know those are strangely similar... I the latter - who wants to go through life loving people that will die?

Would you rather:

Have a famine for a year and then plenty, or have plenty and be lonely?

Chapter 6 by The Art of Suffering

I'm already lonely now and I like food so I would much rather be lonely and not hungry than hungry and not lonely.

Would you rather:

Eat a slug and risk getting salmonella or lick a living cow's tongue?

Chapter 7 by Adisoccer1223

I'd rather eat a slug.

They say that you will get salmonella if you eat raw cupcake batter and that rarely happens so it's not likely it's going to happen now.

Would you rather be able to turn into a dolphin in saltwater?

OR

Grow a mermaid's tail?

Chapter 8 by Writer's Block

Be able to turn into a dolphin in salt water. This may, of course, make family trips to the beach a bit awkward, but it's definitely less awkward than having a mermaid tail 24/7. Not to mention that a mermaid tail is a horrible fashion statement.
